## ABOUT THE FDP

This Faculty Development Programme is specifically designed to discuss and deliberate the recent advances in chemical and allied sciences. The faculty members of Chemistry and other allied subjects of Colleges/Universities, early-career researchers, academicians and other participants will have a great opportunity to learn from an esteemed panel of experts who shall be delivering talks on various emerging areas of chemistry and sharing their experiences and perspectives relating to newer methods/techniques used in teaching and research. The focus of the FDP shall also be the deliberation on the impact of these technologies on academia while identifying the gaps and suggesting future reforms therein.
